TRAFFIC ADVISORY

Traffic Shift As the I-565/County Line Road Interchange Construction Project Continues

MADISON – Weather permitting, beginning Monday, May 5 for approximately 2 months traffic on the Madison Blvd. westbound lanes will merge with the current eastbound lanes of Madison Blvd. This change will be east of County Line Road. During this time, westbound traffic will not have the right turn lane onto County Line Road. The traffic will have to stop for the red light before turning right.

Motorists can expect delays and are requested to consider using alternate routes, adjust arrival/departure times, observe work zone speed limits and other work zone signs, and use extreme caution in this area.

Construction of the new interchange, including building additional ramps to the existing underpass and relocating a portion of State Route 20 (Madison Boulevard), is expected to be completed in May 2015.

For [Road Conditions information](http://www.dot.state.al.us), visit www.dot.state.al.us.

ALDOT's mission is to provide a safe, efficient, environmentally and economically sound transportation network across Alabama.
